As we fire up the grills for Memorial Day weekend, remember to take a moment to reflect on those who have served and made the ultimate sacrifice. It is thanks to them that we are able to enjoy our many freedoms.

GOODFELLOW COMMUNITY NEWS

As the warmer weather entices us to spend more time outside, many of us are already planning additional outdoor activities. So whether it's lawn and garden duties or sports-related activities, we're all looking for a little sun. But be cautious of too much sun and don't forget the sunscreen!

Don't forget Mom (and all the other "moms" who have touched your life) May 10th. Let her know how special she is with a call, a card, flowers or her favorite meal. Regardless of how you choose to honor your Mom, let her know she is appreciated.

As the month draws to a close, our calendars will quickly fill with activities Memorial Day barbecues, a weekend at the lake, enjoying quality time with family and friends. And let's not forget graduations. Congrats to all graduates on future endeavors!!!!

Hunt Update

The wear blue Memorial Day run uses the power of community and the accessibility of running and walking, for community members to honor generations of America's fallen heroes. This year's run highlights the 100th anniversary of United States' entrance into World War I. It will do so by reminding people to Make Memorial Day Your Mission...Unite in Remembrance.

Come out and join the Goodfellow Family Housing staff on Memorial Day!!!! When: May 29th Where: The Landings Time: 9:30-Noon

Call if you have any questions (325) 651-8369

Maintenance Grilling Season is Upon Us!

A few good things to remember when grilling – **LOCATION, LOCATION, LOCATION!** – Ensure grill is at least 15 feet from buildings, fences, overhangs, tree branches and away from the path of people and pets.

FIRE! Plan ahead of time how to clear the area, extinguish a fire, cut off propane supply and call the fire department. Keep a fire extinguisher handy.

FOOD SAFETY – Bacteria multiplies whenever food temperatures are between freezing and 165 degrees. Remember - every food can harbor bacteria.

Keep it cool

Keep it covered

Get it hot – 165 degrees or above

Use your head – If it looks or smells "off" or has been out too long, throw it out

AFTERWARDS – NEVER dispose of hot coals in your trash container. Allow coals to cool completely before discarding. Turn off gas grills and shut off propane access at the tank. Allow grill to cool before storing.

Reminder!

Goodfellow Family Housing would like to remind current residents who may be PCSing or moving of the required minimum 30 Day Notice per your lease agreement. **Orders are not required at the time you place your written notice in our office.** If you have any questions regarding your Notice to Vacate please call the front office. (325) 651-8369

As the temperatures warm up, don't forget our furry family members who may not appreciate the heat. Make sure your pets have plenty of water to keep hydrated and a shady place to rest.
