## MAINTENANCE TIPS

As the temperature drops, take these simple steps to protect your home and pipes during the cold season:

- Leave water faucets dripping to prevent pipes from freezing.
- Set thermostats to 65°F—never turn off the heat.
- Keep garage doors closed and disconnect water hoses.
- Open cabinet doors near faucets to allow warm air to circulate and protect pipes.
- Don't warm your car inside the garage—this can cause carbon monoxide buildup.
- Ensure portable heaters are used safely—keep them away from flammable items and never leave them unattended.
- Notify the leasing office if you're going on extended leave to ensure your home stays protected.

These simple actions will help keep your home safe, warm, and in good shape during the colder months!

## UPCOMING FSS EVENT

### **THE BIG GAME NIGHT**

Date: February 9th

Time: 4:00 PM

Location: The Event Center

Come out for The Big Game Night and enjoy a free viewing on the big screen! There will be games, prizes, delicious food, snacks, and special drinks to enjoy. Don't forget to wear your favorite NFL jersey and get ready for a fun time!
